

CAUTION: To prevent burns, set the valve's water temperature to 120°F (49°C) or lower. Check the valve's temperature guide. **NOTE:** Pick a valve with a suitable flow rating for safety at low flow rates. Adhere to local plumbing and building standards.

1. Use sealing tape.
2. Flush water to remove debris.
3. Occasionally clean nozzles during water flow.
4. Regularly wash away debris from the screen washer.

If you need additional assistance, don't hesitate to reach out to our Customer Service team at 1-888-304-0660. They are available Monday - Friday 6:00 am to 5:00 pm PST.

Please refer to the separate Service Parts Documents for available replacement parts.

Note: For Ceiling Installation only. Recommended cross beam support above the ceiling for Flange support.
